PRESIDENTS MESSAGE
Beth Beltran Rosas, FAGKC President 2012
President’s Message

I hope you are all enjoying our bizarre Fall Spring Summer weather. We have had a flurry of activities and events at the FCC lately and I am very grateful to everyone who has made these all happen. I see many of our seasoned members and volunteers who continually amaze me and it is very exciting and inspiring to see young and new members coming and sharing their time and talents during our Easter Picnic, Zumba classes, Choir practices and Pinoy breakfast. We gladly welcome back our Sampaguita Choir Director, Ping Bayani.

FA-GKC also mourns and bid farewell to one of our member and great supporter, Dr. Rolando Mesina. We will all miss his calm presence and smile. May you rest in everlasting peace, doc.

The end of the 1st quarter into my term and I need to evaluate and review our association’s strategic plan and continue to focus on where our association is headed. Despite that we continually have some challenges such as the economic downturn, aging and exhausted members, burn out members on “Sabbatical” and “busy” schedules, I am very encouraged with the enthusiasm of our active members especially our Sinag-Tala dance Troupe who is preparing for the celebration of their 40th Anniversary on September 20. The NASCAR group led by Michael Tan is going strong with their 1st weekend stint at the races and the Seniors preparing for Parent’s day and other committees who are working hard with their own initiatives.

Our Outreach Committee is planning many opportunities for all of us to succeed with their goal to reach out and make a difference. You will read in this issue some of the Outreach activities where you can participate in. We have our Free CPR class being planned for members on June 2; support a specific needy family in the Philippines; Operation Breakthrough- collection of canned goods and Operation Sapatos/Tsinelas- collection of new or gently used shoes.

The Senior’s garden at the FCC is coming up very fast and was started by Building and Grounds, Chair Neo Rabang. We are inviting all gardeners to come and plant your favorite vegetables.

This year, our Committees have something for everyone. We have many opportunities in our organization to make a difference and leave a legacy for our younger generation. I pray that many of you will renew your commitment to our organization. We are still in need of members for our Community Outreach, Ways and Means, Building and...
Community Outreach Committee Announcement

The FA-GKC Community Outreach Committee will be placing 3 collection boxes at the FCC for the following projects.

OPERATION BREAKTHROUGH – from their website www.operationbreakthrough.org: “Operation Breakthrough is a nationally accredited, not-for-profit corporation that began in 1971 as a response to requests from parents in the central city for quality child care for children of the working poor. The program began with 50 infants, toddlers and preschoolers at 31st and Paseo. In 1976, it expanded to include before- and after-school care. The Center moved to its current location at 31st and Troost in 1981. Since that time, it has added a broad range of social services to meet the needs of the children and their families. In 2006, Operation Breakthrough completed an expansion and renovation project that doubled the size of the facility and increased its licensed capacity from 353 children to over 500. Operation Breakthrough’s initial funding came from the Model Cities Program and a grant from the Hall Family Foundation. Current funding comes from a federal Head Start grant, the State of Missouri, the city of Kansas City, private donations and various foundations. Operation Breakthrough relies on the generosity of this community to continue its work.”

Operation Breakthrough was started by two nuns, and some of us have met one of them, Sister Berta. They have a lot of needs through their many programs, but the one area that we can help is their constant need of canned goods, especially protein products, such as canned tuna, Spam, Vienna sausage, etc., as well as canned fruits and vegetables. They welcome visitors to see their operation at 31st & Troost, and they can also arrange to pick up donated items.

SHOES – these will be sent to the Philippines. We welcome men, women, and children shoes in all sizes. We ask that pairs of shoes be enclosed in zip lock type plastic bags so it is easy to distribute complete pairs.

BOOKS – these are also targeted for children in the Philippines.

Thank you for your generous response to these needs in our communities, here and back home!

Call 913-381-1601 to volunteer. It’s good for the soul. Thank you. Salamat po.

Appreciation For a Fantastic Easter Sunday By Michelle Chico

I would like to thank everyone who made it to this year’s Annual Picnic last Easter Sunday at the Filipino Cultural Center. We were blessed with a beautiful sunny day - perfect for egg hunting! The wonderful smiles from the little kids was all over their adorable faces as they searched for the golden egg. Another popular game that day was the traditional Filipino pinata called ”pabint” - a trellis-like structure used to hang all sorts of toys and candies. The kids would jump up to grab as many of the goodies as they can as it is lowered down slowly - and raised back up again in an almost teasing manner. The activities was not limited to the little kids, however. The teens, adults, and seniors also participated in a variety of games including the paper dance, egg relay, musical chair dance, and more. A talent show was also organized by Cory Sorio that showcased various talents - ranging from piano playing and singing, to tae kwon do exhibitions. It was very entertaining and am personally amazed by the broad range displayed by these talented kids.

My sincere thanks to the many who donated time, effort, money, and gifts to making this event a success.

Children's Feeding Program of Cebu Philippines, Inc. (CFPCP)
Submitted by: Norma McCloud

The mission of the Children's Feeding Program of Cebu Philippines, Inc. (CFPCP) is to provide nutritional meal, wellness and scholarship to the poor children of Cebu, Philippines. The CFPCP is an IRS 501 (c) (3) tax-exempt non-profit charitable organization. Your donation is a tax deductible donation.

Feeding Program

At present, the feeding program covers four locations or town barangays in Cebu, Philippines. Each Sunday about 400 + children and elderly receives nutritional chicken porridge feeding. These children belong to families who sometimes eat once a day. Every Sunday, the children line up and bring their own bowl or cup and spoon. Volunteers cook porridge (rice boiled with lots of water) with chicken pieces and serve the children. In addition to the children, mothers and elderly line up for the serving. At present, it cost $25 dollars each feeding for each location.

With God’s blessings these children get nutritional meal feeding each Sunday.

Scholarship Program

The scholarship program assists these children with their elementary education school supplies and fees. The program distributed notebooks and crayons to these children. At present, it cost $25 dollars for an elementary level education (grade 1 to grade 6) for a year for each child.

Wellness Program

The wellness program provided brand new flip-flop (rubber slippers) to these children. It is important that these children wear good footwear to protect their feet. Some of these children wore torn and indescribable conditions of footwear. The program distributed used clothing coming from USA to these children. The program provided toothbrushes, toothpastes and bath soaps to these children to educate them in proper hygiene of their teeth and body.

The Children's Feeding program appreciates any help you can contribute to these underprivileged children. Please make your check out to Children's Feeding Program of Cebu Philippines, Inc, PO Box 8048, Prairie Village, KS 66208. Donations in kind (example - used clothing) please email: cebufeedingprogram@yahoo.com or call 913-439-7424.

Thank you very much. God Bless us all!

Get Hands on. Learn CPR.

FA-GKC families and friends learn to save lives with CPR

June 2, 2012 — Anyone can learn CPR – and everyone should! Sadly, 70 percent of Americans may be helpless to act during a cardiac emergency because they do not know CPR or their training has significantly lapsed. And this alarming statistic could hit close to home, because home is exactly where 80 percent of cardiac arrests occur. Put very simply: The life you save with CPR is most likely to be someone you love.

Don’t be a bystander in a cardiac emergency. The American Heart Association is encouraging everyone to learn CPR during June, national CPR month. The FA-GKC is partnering with the association by offering a FREE CPR class on June 2, 2012 at the Filipino Cultural Center, from 9am-1pm. Any FA-GKC member and friends interested in participating may call 816-695-1464 or 913-381-1601 to register and for more information.

Don’t have time for a class? Learn how to perform Hands-Only CPR in just 60 seconds. Watch a 1-minute video at www.handsonlycpr.org to learn how to save a life – then give five people you care about the power to save lives, too, by sharing the video with them.

According to American Heart Association statistics, not enough people act when they see someone suddenly collapse. Less than 1/3 of cardiac arrest victims get CPR from a bystander. Don’t be afraid; your actions can only help. If you see an unresponsive adult who is not breathing or not breathing normally, call 911 and push hard and fast in the center of the chest. Nearly 300,000 out-of-hospital cardiac arrests occur annually, about 80% of them at home. So you will most likely be trying to save the life of a spouse, a parent, a child or a friend.

For more information and to watch the 1-minute video, visit www.handsonlycpr.org.

Tina Kraemer is the portrait, wedding, and boudoir photographer behind Pure in Art Photography in Overland Park, Kansas. She has a super awesome doctor-to-be husband and one sweet fluffy puppy, Lincoln, who keep life fun and VERY busy! To see more of her photography, visit her website, or follow her on Facebook, Twitter or Pinterest.

What is your background and how did you get started?

I graduated with a degree in Graphic Design from MidAmerica Nazarene University in 2008, where I had taken a couple photography courses and instantly fell in love with composition and the technical aspects of photography. I started incorporating what I had learned in my graphic design courses into photography, such as editing and design. A few months after I graduated, a couple I went to college with asked if I would shoot their engagement pictures and from that I quickly got referrals to photograph several families, children, and engagements. In 2011, I shot and assisted with 21 weddings in the Kansas City area. This year I plan on focusing on weddings, boudoir, and portraits, and continue to develop my style of photography, which I would describe as bright, timeless, and romantic.

How long have you been in business? How's that going for you so far? Do you work anywhere else? If so, how do you juggle your life?

I started my own business, Pure in Art Photography, in January of 2011. My business has really taken off and it has been a blessing to be asked into the lives of my clients to capture who they are in this time of their life. I love everything about photography, from the first consultation where I get to meet and learn about my clients, to making people laugh, have fun, and show their true personalities during the shoot, and then handing them the final album or canvas to proudly display their new pictures in their home. I attend several photography meetings and workshops every month with other local photographers and have learned to connect, grow, and push myself with the support of my new friends in this industry.
I also work full-time as a Marketing Manager and Graphic Designer at a biomedical laboratory in Lenexa, Kansas, run a freelance graphic design and logo illustration business, as well as support my husband, Cody, through medical school at the University of Kansas who is pursuing to become a surgeon. It hasn't been an easy road balancing everything in my life, it has required an immense amount of time, energy, and practice, but I know I would not be where I am today had it not been for this investment. I am a very goal-oriented and motivated person, and am super excited for what my future holds!

What other activities/organizations are you involved in?

I am a member of WPPI, Wedding & Portrait Photographers International, and plan on attending the yearly conference & trade show they put on every winter in Las Vegas. I love ballroom dancing and performing with Paco Dance Academy, located in Mission, Kansas. We perform at the Filipino Medical Ball and September Affair events every year. I am very involved with my church, Living Hope, in Olathe, Kansas, singing in the worship team, assisting with the 3-4 year old Sunday school classes, and occasionally doing some graphic design. All of these activities help me to balance my life with fun, hard work, and giving back to others and my community.

Dare to Risk

"To try is to risk failure. But risk must be taken because the greatest hazard of life is to risk nothing. The person who risks nothing does nothing, has nothing, is nothing. He may avoid suffering and sorrow, but he simply cannot learn, feel, change, grow, live, and love."

~Leo Buscaglia~

Daring to risk is an essential step to self empowerment.
This is the key to breaking out of stuck thinking and behavior. It is about breaking through the comfort zones and barriers. It is about experiencing new levels of mind and feelings. It is about experiencing more life.

"A life spent in making mistakes is not only more honorable, but more useful than a life spent doing nothing."

~George Bernard Shaw~

"Only those who risk going too far can know how far they can go."
